

## ***Bosch Crash Data Retrieval (CDR) Expands Event Data Recorder (EDR) Information on Subaru Vehicles***

Bosch Crash Data Retrieval (CDR) recently expanded their ability to download valuable Event Data Recorder (EDR) information from more Subaru Vehicles (see expanded list in image).

Please contact [Vector Scientific, Inc.](http://www.vectorscientific.com) Senior Engineer and accident reconstruction expert [Zach Weimer, M.S., P.E.](mailto:zach.weimer@vectorscientific.com) if you have questions regarding EDR download capability of the vehicles in your case.

To learn more about Vector Scientific's personnel and expertise, please call us at **303-697-9977**, email us at [information@vectorscientific.com](mailto:information@vectorscientific.com), or visit our website at [vectorscientific.com](http://vectorscientific.com).
